Dear Customer:

This letter is to notify you in regards to SVHC-REACH compliance of Vinyl EFX decorative series. We recently received notification from our adhesive supplier that NPE surfactant that contain in adhesive now has been added to SVHC-Reach List. This NPE surfactant is currently added by supplier in the adhesive that is being use on our Vinyl EFX decorative. Commercial users of articles containing greater than 0.1% by weight of an SVHC chemical must be notified of the identity of the chemical. Vinyl EFX decorative products contain ~0.12% of the SVHC chemicals.

If you have any questions please do not hesitate to contact me.

Best Regards,

Vilas Patel
